KPS conducts **monthly and quarterly** meetings with representatives of the above agencies to ensure open and cooperative lines of communication regarding **KPS's** Child Find, referral, and initial evaluation processes and procedures, as well as continuously updating agencies of changes in appropriate points of contact.

KPS may establish regular communication with other entities responsible for administering various education, health, and social service programs to children that reside in the district. Those agencies may include, but are not limited to: The Arc Community Advocates, Department of

Health and Human Services (DHHS), Family and Children Services, Communities In Schools (CIS), and Integrated Services of Kalamazoo.

PARENT ENGAGEMENT

Parents may obtain information about the availability of special education and related services through this policy, information posted on our website at **[LINK]**, or by contacting **their child's school or the Student Services Department**. **Kalamazoo Public Schools** also maintains written materials for parents, which can be found **in the Student Services Department**. **KPS** staff provides information to parents upon request and at parent-teacher conferences.

REFERRAL PROCESSES

A referral for initial evaluation should state why it is thought that the child may have a disability. **Kalamazoo Public Schools** are required to obtain parental consent for the initial evaluation within 30 calendar days of receipt of a referral, and must complete an initial evaluation and eligibility determination within 30 calendar days of obtaining parental consent.

The initial evaluation timeline does not apply if:

- The parent fails or refuses to respond to a request for consent for the evaluation after reasonable efforts;
- The parent of the child repeatedly fails or refuses to produce the child for the evaluation; or
- The child enrolls in another LEA prior to the determination of eligibility.

KPS accepts referrals for an initial evaluation from the following persons:

- A student's parent;
- The student, provided that educational rights have transferred to the student; and
- A teacher/staff member of **KPS** who has knowledge of the student.

KPS must make reasonable efforts to obtain parental consent for an initial evaluation. Reasonable efforts include attempting to contact the parent at least three (3) times on three (3) different dates using at least two (2) modalities. **KPS** must begin reasonable efforts within 10 business days of receipt of the referral. **KPS** must conduct an analysis of existing data on the student to determine if additional assessments are necessary. Existing data that may be considered may include but is not limited to teacher observations, classroom assessments, schoolwide screenings and assessments, state assessments, student grades and records, parent reports, health records, or data from other interventions. **KPS** will provide the parent of a child suspected of having a

disability with Procedural Safeguards and any additional information about the nature of any additionally required assessment

MULTI-TIERED SYSTEM OF SUPPORTS (MTSS)

The Michigan Department of Education defines a Multi-Tiered System of Supports (MTSS) as a multi-level framework of instruction, assessment, and intervention designed to meet the academic and behavioral health needs of all learners. This continuous improvement framework uses data informed problem solving and decision making across all levels (PK-12). The MTSS framework is a guide for organizing resources to provide timely instruction/intervention based on what is best for each student. It establishes that schools have structures and teams in place to ensure a systematized response for addressing identified student needs.

Kalamazoo Public Schools' MTSS efforts will not be used to delay the initial evaluation of a student who may be a child with a disability in need of special education and related services.

PARENT PROCEDURAL SAFEGUARDS AND RIGHTS

Parents' legal rights during the Child Find process are defined by IDEA and MARSE. In the event of a disagreement, parents may pursue dispute resolution and due process rights, including mediation, due process complaints, or state complaints. Parents can learn more about their rights in their Procedural Safeguards.
